F. COWLEY, District Judge.

Purneah, the 10th July 1883.

## NOTICE.

## PUBLIC WORKS DEPARTMENT, IRRIGATION BRANCH.

1. OFFERS are invited from private firms or companies desirous of taking over the steam transport service now kept up by Government on the Sone Canals.

2. Copies of the following documents relating to the service may be had on application to the Under-Secretary in this Department, Writers' Buildings, Calcutta, or to the Superintending Engineer, Sone Circle, Arrah, Shahabad:—

I.—Description of the steamers employed.

II.—General rules under which the service is now conducted, shewing also the fares charged and distances run.

III.—Detailed statement shewing the receipts and working expenses of the service during the year 1882-83.

3. The tolls leviable, under Act V (B.C.) of 1864, on boats or steamers plying in the Sone Canals are shewn in a notice published in the *Calcutta Gazette* for the 18th January 1882, Part I, page 59. They are in amount as follows:—

		Per 100 maunds of displacement.		
		Rs.	A.	P.
Arrah Canal—				
Dehree to Arrah railway bridge	.. ..	2	3	0
Buxar Canal—				
Bedadi to railway, Buxar	.. ..	2	0	0
Patna Canal—				
Baroon to railway, Khagoul	.. ..	2	15	0

4. The purchase of the steamers now employed on the canals must form an integral part of any tender. The descriptions of the steamers referred to in paragraph 2 of this notice are believed to be correct, but persons proposing to tender should examine the boats for themselves, as no errors of description will be admitted as a reason for cancelling a tender.

5. Reduced rates of tolls may, for a period not exceeding one year, be stipulated for; but in that case the fixed intervals at which the steamers will run must be mentioned in the tender, and the maintenance of an effective service will be required as a condition of the concession.

6. The Government will, so long as a service is regularly carried on, cease from carrying passengers by boat or steamer, or goods not required for Government works.

7. No exclusive concession can be granted, the canals being open to all boats, whatever the motive power, on payment of the tolls prescribed by law.

8. It is proposed to make over the service, should a tender be accepted, from the 1st of October next, but a later date may be named.

9. All tenders must be addressed to the Secretary to the Government of Bengal in the Public Works Department, and must be accompanied by a receipt from the officer in charge of the Third Calcutta Division, or from some Executive Engineer for Rs. 500 earnest-money, to be forfeited if the person tendering fails to carry out the offer made. Tenders will be received up to the 1st of September next.

10. The highest or any tender will not necessarily be accepted.

## The Indian Law Reports.

*Published under Authority of the Governor-General in Council.*

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series.—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

*Terms of subscription, payable annually in advance.*

## Notice.

THE following Reports of the Bengal Meteorological Department, issued by orders by the Government of Bengal, can be supplied to the public at the prices annexed:—

1st.—Bay of Bengal Daily Report giving observations taken at 17 stations on or near the coast of the Bay, with a chart and summary. This is published in connection with the Calcutta Storm Signal Service. The report giving 10 A.M. observations of the day is distributed by peon in Calcutta after 4 P.M. Price to subscribers in Calcutta, Rs. 2 per mensem.

2nd.—Bengal Daily Report containing observations taken at 30 meteorological stations, and transmitted to Calcutta by weather telegrams, with a brief summary of the weather in Bengal during the preceding 24 hours. The report giving the 10 A.M. observations of each day is printed in time for the evening mail. This report for the present will only be published during the south-west monsoon, i.e. from May, 15th, to November, 15th. Price Rs. 2-8 per mensem, including postage.

3rd.—A Weekly and Monthly Statement of Meteorological Observations taken at 38 observing stations, and of rainfall recorded at 160 sub-divisional stations, together with summaries of the more important features of the meteorology of the past week or month of the province, and of the distribution of the rainfall and its variation from the normal. Price of the Weekly Report, including postage, Rs. 6 per annum, payable in advance, and of the Monthly Summary Report, Rs. 2 per annum, payable in advance.

Subscriptions payable to the Meteorological Reporter to the Government of Bengal for the Bay of Bengal Daily Report, and to the Accountant and Treasurer, Bengal Secretariat, for the other reports.

JOHN ELIOT,

Meteorological Reporter to the Govt. of Bengal.

Meteorological Office, Bengal, the 3rd July 1883.

### PUBLIC WORKS DEPARTMENT—BENGAL.

#### DISTRICT ROAD FUND.

NOTIFICATION No. 270.

*Dated the 31st July 1883.*

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the districts of Dinagepore, Rajshahye, Rungpore, Bogra, Pubna, Darjeeling, and Julpigoree, for the cess year 1881-82, together with the remarks thereon of the Commissioner of the Rajshahye and Cooch Behar Division, are published for general information.

G. F. E. S. NEILL, Major, M.S.O.,  
*Under-Secretary to the Government of Bengal, in the P.W.D.*

#### *Abstract of a Report by the Chairman of the District Road Cess Committee, Dinagepore, on the Committee's operations for the cess year 1881-82.*

THE Road Cess Act worked smoothly in this district during the year, and the collections were very satisfactory.

There were 13 meetings held during the year, and the attendance of the non-official members was irregular. The business laid before those present at the several meetings was discussed, however, with interest and attention.

Applications for village roads were received from persons interested, and grants allotted to those roads for improvement; the work being done by the villagers under the supervision of their zemindars, and in some cases under that of the District Engineer.

Considerable attention was paid to the matter of tree-planting. New trees have been planted on the Bogra road for two miles, and on the Purneah and Maldah roads for six miles. The trees that were planted in previous years on various other roads have also been taken care of.

The different establishments under the Committee have, on the whole, worked well during the year under report.

*Abstract of a report by the Chairman of the District Road Cess Committee, Rajshahye, on the Committee's operations for the cess-year 1881-82.*

THE road cess was levied at the full rate in this district during the year under report.

The attendance of the members of the Road Cess Committee, at the several meetings held, was very good, and shows considerable improvement on last year. They displayed great interest in the business of the Committee, and several of them rendered much assistance by undertaking the supervision of road work in the neighbourhood of their homes.

The village roads received more attention than in the previous year; Rs. 4,888 having been expended on them during the year, against Rs. 3,768 in 1880-81.

The general condition of the roads of the district is fair, and they are kept in as good a condition as is possible, considering the numerous calls upon the very limited funds of the Committee.

The maintenance of the existing roadside trees and the planting of new trees have continued to receive attention, and a sum of Rs. 543 was spent on this object during the year.

The several establishments under the Road Cess Committee have worked satisfactorily

Vice-Chairman

*Abstract of a Report by the Chairman of the District Road Cess Committee, Rungpore, on the Committee's operations for the cess year 1881-82.*

THE cess collections in this district were 96 per cent of the total demand of the year, being 4 per cent less than the result of the previous year. This is said to be due to the 15 days' grace allowed under section 45, being more generally known among cess-payers. Advantage is taken of it, and most of the cess due at the September *kist* is not paid until the beginning of October following. The people have begun to look upon the levying of the road cess as a legitimate tax; but more is expected of the department than the funds will permit.

The attendance of members of the District Road Committee during the year was more satisfactory than in the previous years. Fourteen meetings were called during the year, and only one had to be adjourned from want of a quorum. As a rule, the members took a fair interest in the deliberations at the Committee meetings.

There is only one Branch Committee at the head-quarters of the Gyebanda sub-division. Fourteen meetings of this Committee were held during the year, and it devoted itself almost exclusively to the apportionment of funds for village roads within the sub-division, and to the superintendence of their construction and repairs.

In the three other sub-divisions funds were placed at the disposal of the sub-divisional officers in view that allotments might be made to suitable persons for the construction and repairs of village roads in those sub-divisions.

Seven thousand one hundred and twenty-eight trees have been planted on 18 roads in the district, but their actual condition and the annual outlay on them have not encouraged the Committee to go on extending the length of road for planting. It has been decided upon that only a few of the roads are to be planted, and that under a system of contract, the contractor making over trees when they are beyond the reach of cattle.

The different establishments under the Road Committee have worked very satisfactorily, and the returns and accounts have all been correctly prepared and punctually submitted.

## Abstract of a report by the Chairman of the District Road Cess Committee, Bogra, on the Committee's operations for the cess year 1881-82.

THE Cess Act has worked smoothly in this district, and the total cess collections were 94.56 per cent on the total demand for the year. The average attendance of members of the District Road Committee is 5.85.

Rupees 1,695 were spent on village roads by official and non-official agency, and a number of fruit trees were planted on the sides of the Sultanpore, Rungpore, and Dinagapore roads. The gabions for the protection of young trees planted on roadsides were also renewed.

The different establishments under the Committee worked, on the whole, fairly well; but the results of want of attention to timely minor and petty repairs of the important roads were not as satisfactory as might reasonably have been expected.

MOHENDRO NATH BHUTTACHARJEE,

Vice-Chairman, District Road Cess Committee, Bogra.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Pubna, on the Committee's operations for the cess year 1881-82.*

THE realizations of the year were quite up to the average. The work, however, is undoubtedly retarded by the cumbersomeness of the certificate procedure, and much time is consumed in preparing process and notices; so that the year always closes with an arrear of Rs. 10,000 or Rs. 11,000.

The members of the Road Committee are sincerely anxious to take an interest in the work entrusted to them, but their desire has been somewhat damped by the direction the expenditure of the income has taken. The members of the Branch Committee shewed very little interest in their work on account of the smallness of funds placed at their disposal. Many of them having important business, cannot spare time to discuss matters affecting the expenditure of a trifling sum.

Rupees 4,060 were spent on village roads during the year. The money was either given over to respectable residents of the neighbourhood, or it was spent through the District Engineer and his subordinates. A sum of Rs. 1,226 was spent on planting and rearing trees on various roads in the district.

The whole district has nine miles of first class and 115 miles of second class roads, and they are all in good repairs.

The several establishments under the Road Committee have performed their work satisfactorily, with the exception of the engineering staff, who having very little to do during the year, on account of the inefficiency of the Committee's funds, did not shew their energy to full extent.

S. C. CHATTERJEE,  
Vice-Chairman.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Darjeeling, on the Committee's operations for the cess year 1881-82.*

THE total demand of cess for the year, including arrears, was Rs. 25,747, and the collections amounted to Rs. 24,091, leaving a balance of Rs. 1,511 unrealized at the end of the year. This contrasts favourably with the results of the preceding year, though it does not quite reach the 95 per cent. required by Government.

During the year there were six meetings held of the District Road Committee, which consisted of 20 members, viz. seven official and 13 non-official. The average attendance of the former was three, and of the latter six. One member was absent from all meetings. Those who attended took considerable interest in the proceedings of the grants for repairs, and several of them helped largely by supervising the expenditure of the grants for repairs.

The Terai Branch Committee exercised independent powers up to the end of 1880-81: it is now working under the District Committee.

The amount spent on roads in the hill sub-division during the year was Rs. 10,521, and in the Terai sub-division Rs. 8,727, making a total of Rs. 19,248. Besides this, Rs. 1,043 were spent on village roads in the Terai, and Rs. 96 on arboriculture.

DARJEELING,  
The 26th May 1883.

F. TAYLOR,  
Vice-Chairman.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Julpigoree, on the Committee's operations for the cess year 1881-82.*

THERE was much dissatisfaction with the revaluation as at first made. It has since been revised, and, excepting in individual cases, there is no reason to suppose that dissatisfaction with the cess now exists.

The average attendance of members of the District Road Committee was 7.90. There are no Branch Committees in the district.

All the main roads in the district were kept open throughout the whole year, so far as the funds admitted, and improvements of some of the important feeder roads were carried out during the year.

A sum of Rs. 1,230 was allotted for repairs of the village roads. Of this allotment, Rs. 1,010 were expended during the year. These repairs were chiefly carried out through tea-planters, tehsildars, and other persons of local influence.

For tree-planting, Rs. 148 were allotted in the budget, but the expenditure under this head amounted to Rs. 152.

The different establishments under the Committee have, on the whole, worked satisfactorily.

PREO NATH BANERJEE,  
 Vice-Chairman.

No. 83PW Ct., dated Darjeeling, the 26th May 1883.

From—LORD H. ULICK BROWNE, Commissioner of the Rajshahye and Cooch Behar Division,

To—The Secretary to the Government of Bengal, Public Works Department.

- I HAVE the honour to submit in original the District Road Fund annual reports and accounts of the seven districts as per margin of this division for the cess year 1881-82.
- |                         |  |
|-------------------------|--|
| 1. Dinagepore district. | 2. The reports and accounts for six districts were received in my office within the prescribed date, but the submission of this report has been delayed by a mistake in the accounts of the Darjeeling district, which necessitated their return several times, and eventually had to be checked, and the error found out in the office of the Divisional Superintendent. The correct accounts for that district were not received in my office till |
| 2. Rajshahye "          |  |
| 3. Pubna "              |  |
| 4. Bogra "              |  |
| 5. Rungpore "           |  |
| 6. Julpigoree "         |  |
| 7. Darjeeling "         |  |
3. The Chairmen have all prepared their reports in a satisfactory manner, and in accordance with circular No. 973A of the 4th September 1880.
4. *Working of the Road Cess Act.*—The working of the Act may be said to have been satisfactory on the whole during the past cess year. In Rungpore the people have begun to look upon the levying of the road cess as a legitimate tax, but more is expected of the department than the funds will allow of being done. In Julpigoree dissatisfaction was expressed at first with the revaluation, but since it has been revised the Chairman remarks that, except in individual cases, there is no reason to suppose that dissatisfaction with the cess now exists. The Chairman of the Darjeeling Committee does not specially notice the working of the Act, but it may be inferred from the amount of the collections that there was no friction.
5. *Collection and assessments.*—The collections in the Dinagepore district were very satisfactory. In Rajshahye the full cess was easily levied. In Pubna the realizations were quite up to the average of former years. In Bogra the collections were 94·56 per cent. on the current demand. In Rungpore they were 96 per cent., being 4 per cent. less than in previous years, which is said to be due to the 15 days' grace under section 45 becoming to be better known by the cess payers, and advantage being taken of it. Most of the cess payers in this district pay direct into the treasury. In Julpigoree Rs. 3,620 were realized in advance for the current year's demand. The collections in Darjeeling contrast favourably with the result of the preceding year, and were nearly 95 per cent. of the demand.
6. *Working of the District Committees.*—The Chairmen generally report favourably of the attendance at the Sudder Committees, and the business laid before them at meetings seems to have been discussed with interest and attention. The Chairman of the Rajshahye Committee says that the members took very great interest in road cess business, and some rendered valuable assistance by undertaking the supervision of road works in the neighbourhood of their homes or residences. In Dinagepore 13 meetings were held, and as five non-official members did not attend six consecutive meetings they were ceased to be members under section 115 of the Act, and were replaced by new members residing in the interior of the district. Two members died in the course of the year. In the Darjeeling district considerable interest was shewn by the planters in the proceedings, and also in supervision of works. There were six meetings, and Mr. L. Daniell was the only one absent from all the meetings.
7. *Working of Branch Committees.*—These exist in Rajshahye, Pubna, Rungpore, and Darjeeling. In the first named district the Nattore Branch Committee have worked well, and held four meetings with a fair attendance of members. The Chairman of Pubna states that the amount placed at the disposal of the Serajgunge Branch Committee was only Rs. 3,750, and was too small to elicit much interest in a representative body dealing with such a vast area, and although the members are ready to come forward when real work is before them, many who have important business cannot spare the time to discuss matters affecting the expenditure of such a trifling sum. A large portion of the district income goes in the construction of the Pubna to Sara road, in which of course the Serajgunge sub-division has little or no interest. In the Gyabanda sub-division of the Rungpore district the principal work of the Branch Committee was the apportionment of funds for village roads. The Terai Branch Committee of the Darjeeling district exercised independent powers to the end of 1880-81, but is now working under the District Committee, which is found to be better, both as regards accounts and the supervision of Terai works.
8. *Establishments.*—The establishments in all the districts are reported to have worked well during the cess year. The Chairman of the Julpigoree district thinks there is not enough work for an energetic District Engineer, and considers it would be a good plan to club the district with an adjoining one. In this I am unable to concur.
9. *Village roads.*—In the Dinagepore district grants were allotted to roads for which applications were received from persons interested in them, the work being done under the supervision of the zemindars, and in some instances under that of the District Engineer. In the Rajshahye district village roads received more attention than in previous years, Rs. 4,888 having been expended on them against Rs. 3,768 in 1880-81. In the Pubna district Rs. 4,060 were spent under this head, money being given to respectable zemindars who very often contributed to works in addition to spending what they received from the Committee, and some of the expenditure was also under the agency of the District Engineer. In the Bogra district Rs. 1,695 was devoted to this purpose, and the work carried out by official and non-official

agency. In Rungpore Rs. 6,086 was expended through the different sub-divisions in order that no part of the district should be overlooked or neglected. In Julpigoree out of a sum of Rs. 1,230 allotted, Rs. 1,010 were expended under the agency of persons of local experience, such as tea planters, Government tehsildars, the manager of the Chulajat estates and his naib. In Darjeeling and the Terai Rs. 1,043-9-6 were spent during the year on village roads.

10. *Arboriculture*.—In the districts of Dinagepore, Rajshahye, Pubna, and Bogra, tree-planting on the road sides received considerable attention during the year. In Rungpore the late District Engineer attempted to plant out too many roads at one time with young trees; and when the existing trees were lately counted they were found to be considerably less than the number of trees planted and entered in the register, owing to the young trees having either died or been destroyed by cattle. The Committee are going to curtail their operations in this line, and an attempt will be made to plant them by contract through the chowkidars and headmen of villages, who will take care of them until sufficiently grown to be beyond the fear of injury from cattle, &c. In the Julpigoree district very little has been done under this head, Rs. 152 only having been expended during the year, and in the Darjeeling district the expenditure was only Rs. 96.

11. *Original works*.—In the Dinagepore district the bridge over the Gogra nullah, near the sudder station, with three spans of 20 feet each, with masonry piers and abutments, was finished. On the Bogra road the Echamutty bridge of 80 running feet waterway was also completed, as also a bridge over the Toolye nullah on the Purneah road. The most important work in this district was the feeder road to the railway station of Hillee from Pateeram, 16½ miles in length, of which 14½ are in Dinagepore and two in Bogra. The timber bridges, 20 in number, and aggregating 765 running feet of waterway, with all the earthwork, was begun and completed in the cess year under report. A total length of 31 miles of embankment were raised on the Moorshedabad and Maldah roads. In Rajshahye the Belpookree bridge on the Nattore road, and the Esabpore bridge on the Surdah or Pubna road, each of 96 feet waterway, were constructed. The Nowgong and Hapanea road, for which Government gave a grant of Rs. 10,000, was commenced, and the entire length of embankment finished, with the exception of approaches to bridges, which have not been built owing to want of funds; but either ramps or temporary bamboo bridges have been provided. One more mile of the Nattore road has been metalled, and two miles of the Bya road, leaving one mile to complete the metalling to the Nowhata thana station. All the money spent on original works in the Pubna district was devoted to the Sara road in the manufacture of bricks, the purchase of building materials, and in construction of new or addition to existing bridges. Government are to contribute Rs. 30,000 in two years, and the Chairman states it will require all the available income of the Committee for about 2½ years to complete it. The other original works were confined to small culverts in different places. In the Bogra district the most important works were the two miles of the Hillee and Pateeram road, and the erection of the timber bridges between Adumdighee and Sooltanpore; also the entire construction of the bridges and earthwork of the feeder road from Khetlal thana to Jaipore railway station. In the Rungpore district the road from Chelai to Domer and Ghoramara was finished, leaving a gap only at the 16th mile over the Tanganmaree nullah. This road is losing its importance owing to the merchants of Ghoramara on the Teesta leaving the place, though it always feeds the railway. The rest of the original works consists of the renewal of timber bridges on the different lines of road, and as detailed in the report on this district they are 70 in number, varying from 10 feet to 100 feet of waterway, and numerous earthenware glazed pipes all over the district. In Julpigoree the important works were the improvement of the roads from Boda towards Domer hat, *via* Debigunge, and from Silligoree to Phoolbaree ghat. There is still a good deal of work to be done on both lines of communication. In Darjeeling the amount spent in the hills was Rs. 2,445-11-9, and Rs. 2,804-14-6 were spent in the Terai. As there is no District Engineer the Committee are entirely dependent on the planters for the execution of works, and Messrs. Brown and Curtis have rendered valuable assistance, the former by constructing a bridge over the Rungbung, and the latter a wire rope bridge over the little Rungcet.

12. *Repairs*.—All necessary repairs to roads and bridges in the Dinagepore district have been repaired as far as funds would allow, considering the large number of miles on the printed list that the Committee have to provide for. In Rajshahye the general condition of the roads has been maintained, but those in the northern part of the district are far from perfect, owing in a great measure to the friable nature of the soil, and partly to want of funds—a disadvantage under which all the Committees labour. The Beauleah and Nattore road is in fair order. About six miles of this road from Beauleah are metalled, and about 3½ more in pieces at the approaches of iron screw-pile and masonry bridges. In the report for this district allusion is made to a canal cutting, and as this may be misleading, it should be explained that the work consisted in clearing weeds and silt out of a defined route from Singraha on the Attrai to Chowgong, which is of use to small boat traffic, as the country is generally under water in this part of the district. The work at the mouth of the Narud was merely the removal of a little silt. In the Pubna district, including Serajgunge, Rs. 12,480 were expended during the year, and all roads received attention. In Bogra all roads were duly maintained, and for the future, owing to the completion of the important feeder roads, there will be a large amount available for repairs. In the Rungpore district the repairs consisted of surface dressing, cutting away jungle from slopes, and maintenance of bridges and inspection bungalows. In Julpigoree much attention was given to the Dam Dim road in

order to keep it open for tea carts during the rains. The floods were not so high this year, but temporary bamboo bridges were thrown over the breaches made in the 10th mile the year before, and huts were erected for the protection of tea and other goods in case of fresh breaches occurring. The remaining roads were repaired, and great attention was given to the Phoolbaree ghat road on the Teesta. The repairs of the Darjeeling hill roads were carried out by the planters, and the Chairman expresses a wish that the same agency could be obtained for roads in the Terai, as great difficulty is experienced in obtaining the services of an overseer, notwithstanding that the pay has been raised from Rs. 60 to 80, with Rs. 20 horse allowance. In three months there have been two changes, one from death and the other from resignation.

13. *Expenditure.*—The expenditure has been good in all the districts. The cash balances at the end of the year in Dinagepore, Bogra, and Julpigoree were moderate; in the other districts the balances were larger, but it is owing to funds having to be kept in hand to carry on work during the months of October and November before the cess can be collected for the next year.

14. Mr. Heyman has continued to give efficient service as Divisional Superintendent and Secretary, and the appointment is a great advantage to the cess payers.

## LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of the Sonthal Pergunnahs will be put up to sale at the Dumka Collectorate on Friday, the 28th September 1883, corresponding with 13th Assin 1290 B.S.

The purchaser will be subject to the following conditions of sale :—

*Conditions of Sale.*

1st.—The estate to be sold revenue-free to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of the purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

### Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

### LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of the Sonthal Pergunnahs will be put up to sale at the Dumka Collectorate on Friday, the 28th September 1883, corresponding with 13th Assin 1290 B.S.  
The purchaser will be subject to the following conditions of sale:—

#### Conditions of Sale.

1st.—The estate to be sold revenue-free to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of the purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.
